We are grateful to all those who have given their efforts that we may have a condensed record of the events of this school year. May this yearbook serve as a challenge and inspiration to those who will have the same responsibility in the future years.

To Mrs. Raedelle Patterson Brooks, our beloved member of the faculty: For time unselfishly dedicated to helping others and helping to mould lives of others in an understanding way; For integrity, for intelligence, for nobility of character, for accomplishments of mind and spirit, we the Senior Class of '57 dedicate this tenth volume of Clahischo.

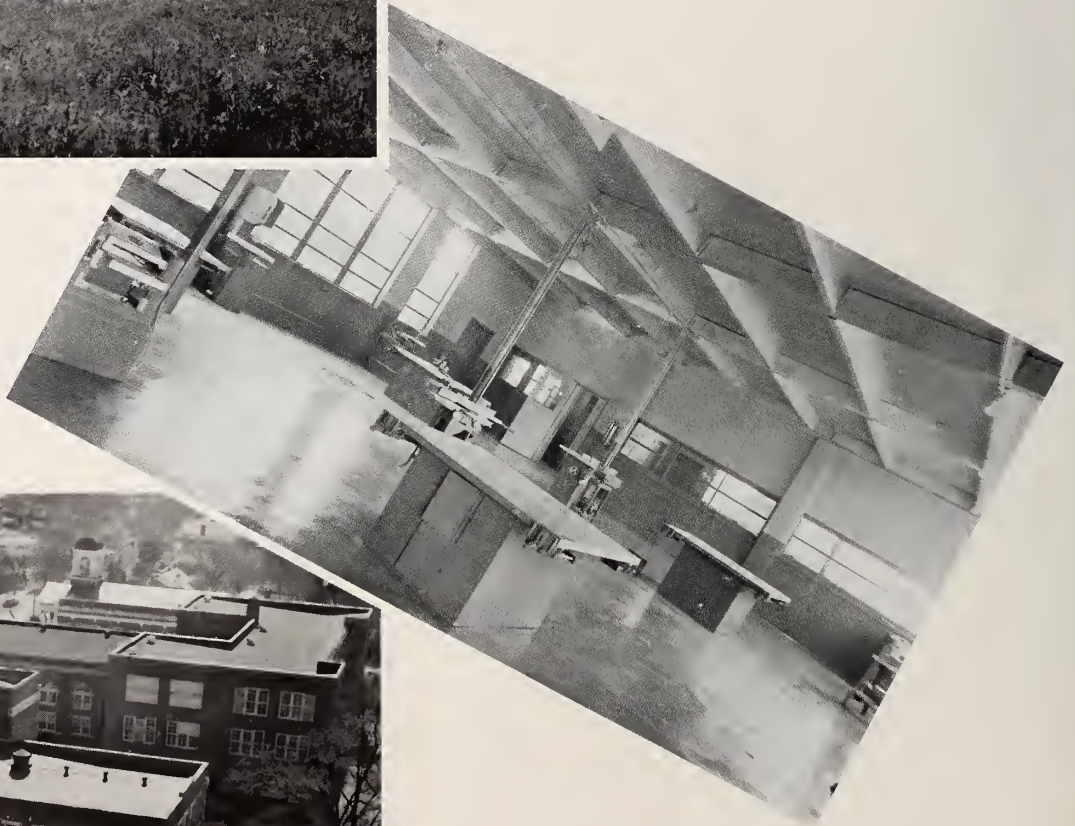

"When time has passed, success  
will have crowned her effort."

"A perfect woman nobly plann'd  
To warm, to comfort, and com-  
mand  
And yet a spirit still, and bright  
With something of angelic light."

Master Jerry Jones and Little Miss Stephanie Bain

We are the class of '57.  
Our hopes, our dreams, will soon be known.  
Whether life will be, what life should be,  
A few more days and we shall see.

If all we've worked for is for real,  
That ever after each life to fill,  
With some success for what we've done  
Here in Clayton High, each victory won.

Here our hearts have been as one,  
To succeed in things we've done.  
Some were easy, and some were not,  
But all in all we've gained a lot.

Here we've strived to do our best,  
To prepare for years of happiness.  
If each of us has done has share  
Of work -- of play -- of study here  
The future will be full of memories of yester-year.

Two students work on their projects. The training received in this department is of great value in future years.

## *Who Has Found Him Ask No Other*

Mr. Sorrell introduces one of his boys, Jimmy Turner, to the complexities of the wood lathe. The lathe is used in shaping the numerous assortments of wooden products.

Some of the completed projects are displayed for observation. It often takes many weeks to complete just one project. Producing an object such as one of those pictured here takes much work and skill.

An industrial arts pupil concentrates on sawing a piece of wood to the exact dimensions. Accuracy and patience are always required to create a worthwhile product.

# Clayton

Mr. Beach, director, the inspiration of the band.

The Clayton Band was organized four years ago in the spring of 1951. Since that time it has shown much progress and development. The band now consists of thirty-three members and five majorettes. It has marched in several large parades and presented concerts on special occasions. The P. T. A. was responsible for buying the uniforms and a number of instruments for the band. We hope that the band will continue to progress and will be as much of a credit to our school in the future as it has been in the past.

*"The Beat of a Great Band Makes for Better"*

Standing at attention, the band is ready to march.

## *Hi Band*

Mr. Richard Beach, the band director, has proved to be a very sincere and capable leader. He came to Clayton four years ago from Wake Forest College to conduct the beginners' band group. Since that time he has developed the band into a fine marching and concert unit. This would not have been possible without the aid and leadership of this talented instructor.

Two inspirational majorettes--Bessie Williams and head majorette Alice Shehdan.

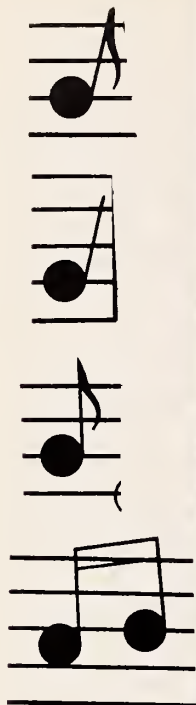

Mr. Beach, our director, prepares to give the beat.

Members of the Monogram Club have won at least one letter in one of the active sports of our school: football, basketball or baseball. The members of the cheerleading squad are also members. This club assists in numerous ways by making money for the athletic fund.

# *History*

As the seniors of 1957 prepare the great Exit of Graduation and the grand Entrance of Life, they sadly but proudly turn back the pages of twelve years that truly may show somewhat a personification of Emerson's words: "Hitch your wagon to a star."

It was 1952 that we proudly held the "green" freshman title, enduring the agony of grease and perfume, a necessary evil of each freshman's first day. We remember Mr. Braswell, our math teacher, for his bashfulness around the girls in the math classes. We had a most enjoyable time with Miss Taylor in the Dramatics Club's production of the Negro Minstrel of '54. Mr. Hicks proved to be the sternest piece of structure we had ever met, but we soon learned to like him as teacher and coach. At the end of that first year in high school we were almost demolished by a terrible disaster which befell us called final examinations.

Through these we came and ranked the new name of sophomore the following September. As sophomores we gained Miss Faison and Mrs. Anderson and lost Mr. Braswell and Miss Taylor. Also we had Mrs. Brooks as our home-room teacher. This year for the first time we began to look at high school with the attitude of putting something in as well as taking something out. We began to think of means of making money for our senior trip, and with the help of Mrs. Brooks we launched our first campaign to make money with an order of Christmas cards. We had a very successful struggle and the high light of our whole year came at commencement with the carrying of the rose arbor.

By the time we were juniors, our number had decreased but we had really just begun to work. To begin our projects for that year we chose another order of Christmas cards and then topped it with 1,000 boxes of candy, adding a neat profit to our treasury. Immediately following mid-term exams we began the choosing of our junior play. After much contemplation we chose "Pride and Prejudice" and in its presentation we tasted the sweetness of success as never before. Miss Sumrell was directing and how we all remember the first dress rehearsal and all the facial paint that accompanied the costuming. Before we had completely recovered from "Pride and Prejudice," we had to start our preparations for the Junior-Senior Banquet and Prom. The memorable times we had at the Smithfield Country Club in decorating to carry out our theme, "Hitch Your Wagon to a Star" would rank high indeed if our memories were listed in order of value. The prom was really something out of the ordinary since we had a five piece orchestra to play for the dancing. Thus the year passed, ending with our beginning the first section of our '57 Annual.

The summer passed quickly and it seemed no time before we were resuming work on the annual. Finally that long-looked-forward-to day arrived when we were officially seniors. Miss Sumrell remained our homeroom teacher for a second year and we found ourselves "burning the midnight oil" many nights with her, working on the annual. It seemed that every project which we chose blossomed into something worth while. The cards and candy again proved to add greatly to our treasury as well as a Bar-B-Que Supper. As our senior year draws to an end, we look forward to a successful play and other senior activities.

At last our dreams have been realized; we have the highest title of Clayton High School; we carry the responsibility of good leadership; we proudly anticipate the receiving of our diplomas; then we bid farewell. May those who remember us as the Class of 1957 remember "that the reward of a thing well done is to have done it."

Marshall Duncan - Historian

We, the Senior Class of 1957, in the city of Clayton, the county of Johnston, and the state of North Carolina, being in sound mental condition as usual and in much better temper than usual do hereby make this our last will and testament of Clayton High School.

#### ARTICLE I

To Mr. Waters, our principal, we leave our sincere thanks for the kindness shown to us during our four years in High School.

To Miss Sumrell, we bequeath wishes for success and happiness in her teaching career. We realize that all of her future classes cannot be as progressive as ours, but with her help we are sure that they will be just as happy as we.

To the Faculty, we leave our love and appreciation for the many things they have done for us during our stay in High School.

#### ARTICLE II

To the undergraduates, . . . To the Junior Class of 1957 we leave our senior home room and our used desks.

To the sophomores we leave our loafing places and our paperless notebooks in hopes that they will keep them filled.

To the freshmen we leave our ambitions and our goals in life.

# *Prophecy*

A few nights ago I had an experience I shall never forget. I awoke from a deep slumber, feeling very excited and gay. I had been dreaming! The dream will be of interest to all the 1957 graduates of Clayton High, because they were the persons of whom I dreamed. I would like to relate the dream to you.

I dreamed I could see into the future. The year was 1967. I saw faces that I recognized as those of my former classmates. For some unknown reason I was able to see into their lives and professions. Now I shall reveal the future to you as seen in the dream.

The Metropolitan Opera has just signed SUE DAVIS on another ten-year contract. She continues to thrill millions with her marvelous voice.

JIMMY TURNER is the sole owner of a world famous modeling school for beautiful young ladies. His top-notch instructor is ROSA ELLIS.

An exclusive barber salon which has run all the other Clayton barber shops out of business has been opened by RONALD UNDERWOOD and THOMAS WOOD. Their receptionist and secretary is HELEN LOCKAMY.

CLAUDETTE HARRISON is a great success in Hollywood. All the directors are fighting over her beauty and talent. Her last Broadway play was written by ALICE FAYE PUCKETT.

The First Citizens Bank of Raleigh would be lost without the help of their fine secretary, ANNA LAURA STEPHENSON.

VIRGINIA NELSON teaches the most outstanding third grade in Clayton School. She really knows how to teach those youngsters their reading, 'riting, and 'rithmetic.

Do you have any aches or pains? Take them to DR. ROBERT ADAMS and his experienced assistant, PAETON STALLINGS. Their worthy and devoted nurse is ALICE WOOD.

LEE WOOD has rapidly advanced in the Army. He is now commander of all our over-seas forces.

The Mickey Mouse Club has acquired a new master of ceremonies. JIMMY "BABY DOLL" UNDERWOOD is quite a treat for the small fry.

CAROLYN WORLEY is having a time managing all those kids. She has begun a nursery to tend to GLADYS COATS' and MARY LEE'S children while the mothers are working.

Say, what's this? Buy your tickets for the wrestling match tonight. JOYCE LEE vs. MARY F. COATS. All I can say is, this bout for the world championship should be interesting.

BUTCH BEARD has won world fame with his painting, "An Ideal Secretary." His model was DIANNE CHARLES, who models during her spare moments.

You will never believe it, but CAROLYN CANADY has stopped her teaching career and is happily married with a family of twins.

PHYLLIS CHAPPELL is a very contented wife and mother. Her husband and children are very lucky.

Their experience from driving school buses has enabled DUKE HOCKADAY and RAYMOND LEE to become drivers of the Grayhound Bus Line.

Instead of a face I next saw a huge bridge. Of course, it was the work of our distinguished lady engineer, BESSIE WILLIAMS.

MARSHALL DUNCAN is not letting the class fall down in the field of politics. He is a well respected Senator from our state.

THE NEWS AND OBSERVER'S business is really booming since GENE CLEMMONS has become its editor.

FRANKIE WOOD has finally achieved her life's ambition. She was visited by the Millionaire last year. At the present she is touring Europe.

Here is a large section of CHARM devoted to the exciting creations of MISS BETTY BAIN. This designer is becoming better known with each new gown she designs.

Guess who that new patrolman is! Why it's ROGER ELLIS. Look out you speeders - he will catch you for sure.

BOBBY JONES has decided to go into business for himself. When he opened his Gulf Station he said he was going to open a hot-rod repair shop soon.

The farms of JAMES PARRISH, our country gentleman, have really been prosperous. Mr. Parrish adds another new barn each year.

Mrs. Charles Williams, the former LACY GARRIS, is very happy in her role of housewife. Her family, Charles, and lovely twin boys, are very fortunate.

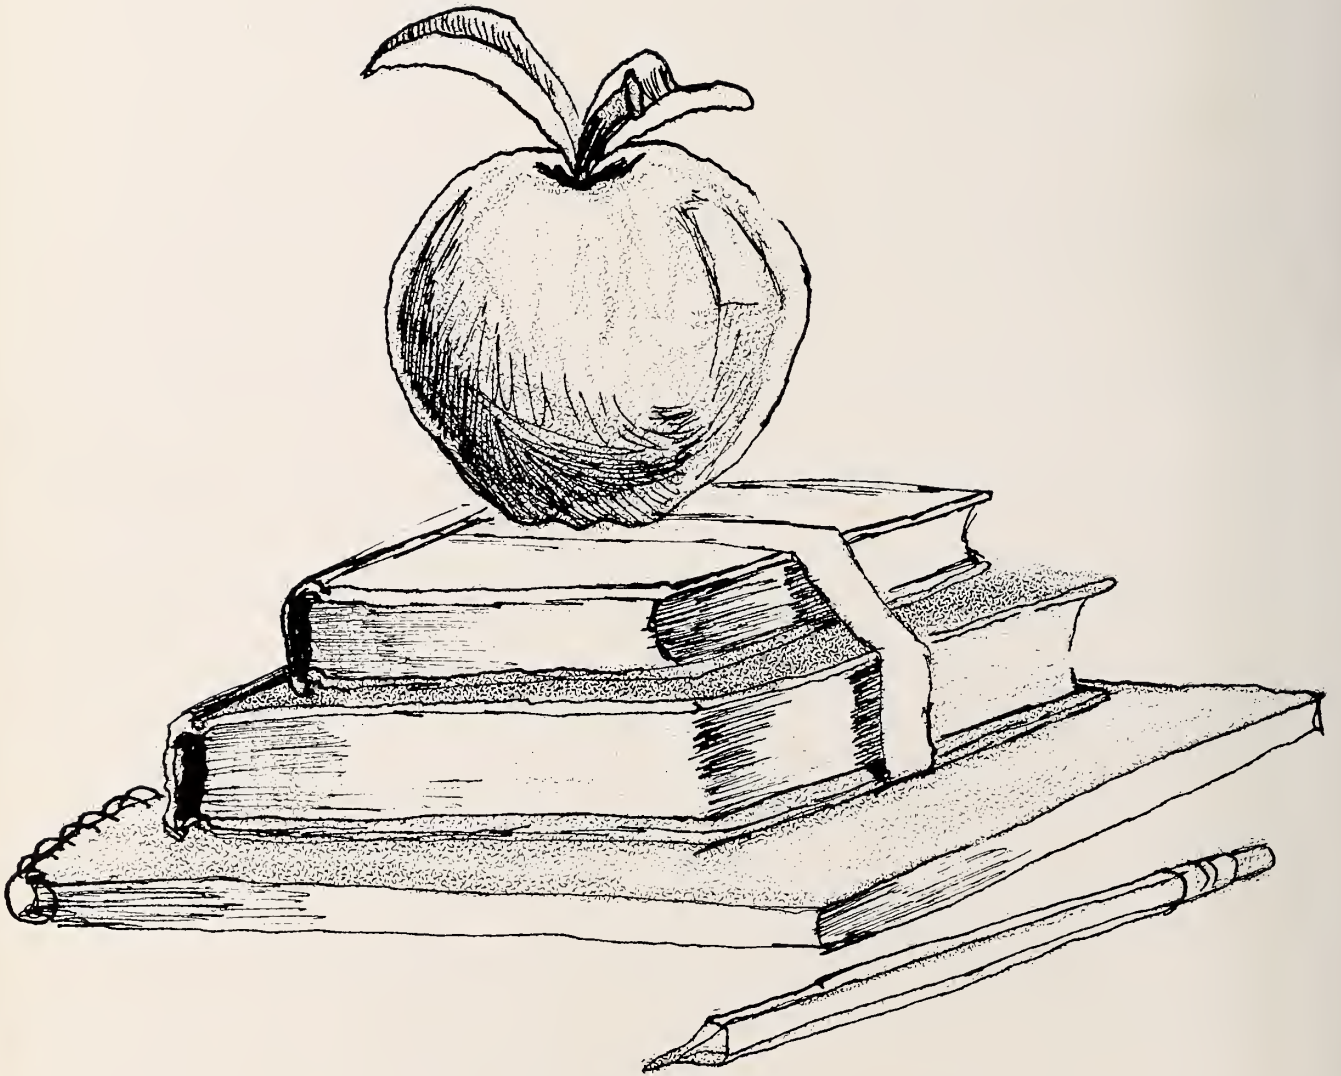

There across the way I see the famous BOBBY HARRELSON who is known throughout the world as a second Peter Marshall. His ability as a great speaker has been quite helpful.

Now no other do I see than the two beautiful and charming leaders of the recent organized club, "None but the Married" who are our dear friends, MRS. YVONNE DANIELS and MRS. JIMMY LASSITER.

Wait, there go the world famous skiing champions, PERCY JONES and his partner, out to capture another title.

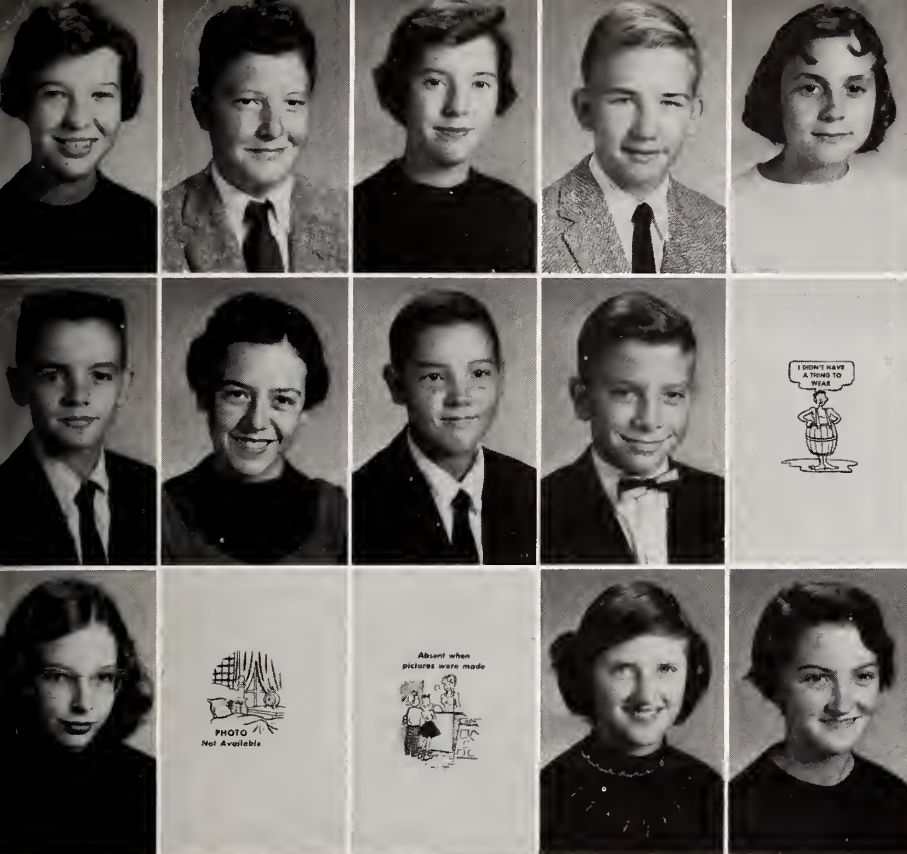

I awoke with a feeling of relief and happiness, for the dream was of my classmates leading rich, full, and successful lives. I then said a little prayer that the future of each classmate would be filled with happiness and success as it had been in the dream.

THE STAFF of the CLAHISCHO extends its sincere appreciation to all of the advertisers and subscribers of the 1957 yearbook. Without the support and encouragement of these interested individuals it would have been impossible for us to complete this annual. We hope that our efforts will be rewarded by the satisfaction of our patrons. Editor Gene Clemmons.
